ORAL PACKAGING

"We Make a Difference with Innovative Printing Solutions"

Found in 1979, our company is one of the leading printing and packaging solutions provider in Türkiye with its long years of experience, while prioritising customer satisfaction. Today, in a closed area of 12000 sqm and an open area of 20000 sqm, it offers fast and unique solutions under one roof to its customers in various packaging needs in its modern and integrated facilities where the paper entering as a reel and leaving as a packaging. It designs and produces customised packaging solutions for companies operating in food, cosmetics, health, automotive and many other sectors. Oral Packaging has the vision of being a company that closely follows the developments in the sector and maximises customer satisfaction by using the latest technologies in production processes. The company has gained a solid position not only in Türkiyebut also on the international platform. With its quality products and reliable service understanding, it has gained the trust of its domestic and foreign customers and established long-term business partnerships. Oral Ambalaj continues to maintain its leading position in printing and packaging solutions with its deep-rooted history in the sector, innovative vision and customer-oriented approach.

TAKEAWAY

"We address to all types of packaging needs with care."

Takeaway packaging refers to specialized packaging solutions provided by restaurants or cafes to allow customers to take away their food and drinks.

These packages typically have the following features:

Ease of Transport, Durability, Leak Resistance, Heat Retention,
Environmentally Friendly Options
